

## Things we took away from The Northrock EA

- some improvements happen quite by accident
- ToR numbering system for each individual item – used ever since
- community hearing - in MGP, Paramount, Geotech assessments
- midway scoping of issues

## Things we took away from The Northrock EA

- focusing EA on key issues – shortest ministerial turnaround time!
- listing early and late finishing dates was not a success
- maps can be a very valuable tool – we now have a GIS
