# Notice of Proceeding

## Mackenzie Valley Highway, Government of the Northwest Territories

### **Re: Developer request to extend deadline for responses to comments**

On March 26, 2024, the Government of the Northwest Territories (GNWT or developer) asked the Mackenzie Valley Review Board (Review Board) to extend the deadline for responding to comments on the Developer's Assessment Report from March 29 to April 19, 2024.

The Review Board typically determines timing for responding to comments with input from the developer, as it is key that the developer has the time it needs to respond properly. As requested, the deadline for responding to comments will be extended on the Online Review System and the project timeline tracker to April 19, 2024.

The Review Board will work on a revised workplan once the developer has said how long it needs to respond to the first three information requests from the Review Board.

The primary contact on behalf of the Review Board is Catherine Fairbairn, Senior Environmental Assessment Advisor.
