Dear Mark:

**Re: Proposed Extension to January 18, 2016 Deadline for Proponent's Response to Draft TOR
Comments for the Howards Pass Access Road (HPAR)**

Selwyn Chihong Mining formally requests a 1 week extension (January 25, 2016) to the above deadline. We are carefully reviewing all the comments that have been provided and a short deadline extension will provide the time needed for a completed response by Selwyn Chihong.

Thank you for considering this request.

Sincerely,

SELWYN CHIHONG MINING LTD.
