Re: Tłıchǫ All Season Road EA1617-01 - Information Requests

Dear Mr. Cliffe-Phillips;

On May 1, 2017, the Review Board issued notice for involved parties of the Tłıchǫ All Season Road (TASR) to submit information requests to the developer, the Government of the Northwest Territories-Department of Infrastructure (GNWT-DOI), by May 29, 2017. The Tłıchǫ Government is writing to inform the Review Board and the GNWT-DOI that we have no specific information requests to issue.

To make this determination, we actively engaged and worked closely with a number of Tłıchǫ services providers. In May 2017, we sought guidance and input from the following Tłıchǫ departments, agencies and personnel regarding the information requests:

- Tłıchǫ Lands Protection;
- Economic Development, Training and Employment;
- Tłıchǫ Community Services Agency;
- Traditional Knowledge researchers;
- Language and Culture specialists; and
- Senior Administrative Officers from Behchokǫ and Whatì.

Additionally, the Tłıchǫ Government participated in a TASR technical review session with the GNWT-DOI and Golder Associates on May 17, 2017. We maintain regular communication with the GNWT-DOI in the review of the TASR environmental assessment.

The Tłıchǫ Government continues to review the materials pertaining to the TASR environmental assessment. Tłıchǫ Government continues to invest a great deal of research,

Tłıchǫ Government

planning and coordination with a wide range of Tłıchǫ agencies and departments. These investments are necessary to ensure our responses and determinations are collaborative and reflective of Tłıchǫ values and perspectives.

Sincerely,

Laura Duncan
Tłıchǫ Executive Officer
