NWT CHAPTER
- DEH CHO PROJECT

FAX

To: Hon. Robert Nault, P.C., M.P., Minister of Indian Affairs and Northern
Development

From: Stephanie Sibbeston, Deh Cho Protected Area Coordinator

Date: March 19, 2001

Attached are letters CPAWS-NWT has collected from residents of the Deh Cho region,
NWT, regarding the Canadian Zinc Corporation Land Use Permit Application
MV2000C0030.

P.O. Box 618
Fort Simpson, NWT

Dear Minister Nault,

RE: Canadian Zinc Corporation Land Use Permit Application MV2000C0030

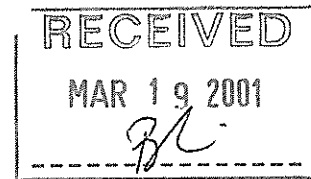

As a resident of the Deh Cho, I support the Deh Cho First Nations in their position to protect the entire South Nahanni watershed through the Deh Cho Process. The South Nahanni Watershed is part of Deh Cho traditional territory - it is a vital source of water and an important harvesting area to the people of the region. Mining has been identified by Parks Canada as the single greatest threat to the water quality and wildlife of the Park Reserve and watershed.

I ask that you respect the Deh Cho Process and not allow any mining or exploration activities to occur within the South Nahanni watershed without the explicit consent of the Deh Cho First Nations. In this spirit, I strongly urge you to move forward in negotiations through the Deh Cho Process to attain interim protection for the South Nahanni watershed.

Mahsi Cho,

JEAN DE CHAMPLAIN
