

# Note to File

Mackenzie Valley Environmental Impact Review Board

Luciano Azzolini, Environmental Assessment Officer

Date: March 5, 2001

File:

Subject: CZN & A  
In person conversation with Ranjit S.

Ranjit said lands would not release the IR report because it did not see the relevancy of doing so, and that it would have to be consumed of the relevancy before its release. He also said that it was confidential and that it could not be released. He did say it had provided an alternative - that is getting the subject report from CZN proper.

my interpretation is that you rightly don't think there is a need for the RB to see the report. They don't see the relevance. They could be right but it's your Board's job to determine relevance.

FRAND is choosing to withhold its release of this info to the public registry
