Re: **Oct. 11<sup>th</sup> Faxes**

I have received three faxes from you today. The letter concerns two of them.

The first fax was submitted with regards to the Cameron Hills Drilling Project EA and was in response to the Sept. 24<sup>th</sup> letter to the Review Board from Paramount. Regretfully, I am unable to accept this fax and have it placed on the Public Registry. As stated in my Sept. 25<sup>th</sup> letter (see attached) to all EA participants, the Review Board would be accepting comments based on Paramount's Sept. 24<sup>th</sup> letter only until Oct. 2<sup>nd</sup>. We are now 9 days past this deadline. The Public Registry has already been closed and the Review Board has made its decision on the Cameron Hills Drilling Project. The Report of Environmental Assessment will be released soon.

The second fax that I received consisted of correspondence from your firm and the Ka'a'Gee Tu First Nation to the Mackenzie Valley Land and Water Board. I am uncertain as to why this correspondence was sent to me and for which environmental assessment it was intended. Please clarify this matter.

Sincerely,

Joe Acorn  
Environmental Assessment Officer
