RE: RE: Request for Clarification - Patterson Sawmill Ltd. Environmental Assessment

The Review Board received your environmental review document dated February 13, 2001 and took into consideration in its decision about the environmental assessment of your proposed timber harvesting operation. The Review Board concluded that with your assistance in clarifying a few matters and specific government input, the Review Board could wrap up its conformity examination and make a decision on the proposed timber harvesting operation.

Mr. Patterson, could you please provide the Review Board on or before June 25, 2001 an indication of who you know from Fort Resolution that uses the proposed timber cutting area for hunting and or trapping and to what extent they would be affected by the operation. If there any questions about the Review Board's request please feel free to contact Louie Azzolini at (867) 873-9029.

Sincerely,

Roland Semjanovs
A/Executive Director
