Subject: RE: 01-002 Decline and Pilot Plant EA

Mary, we can find a solution that works for all of us, and that includes you, your staff, and co-workers. I appreciate the problems and don't want to minimize or dismiss them. My primary goal is preparing quality EA's and quality EA decision's . Let's get together here for a half our tomorrow (let me know when - we have staff meeting in the PM). Bring your suggested dates/timelines for doing the work on the CZN EA's. If we can't get quality with the current timelines we will change the timelines.

sincerely,

LA

Louie: FYI - we are having great difficulties in accessing these files electronically - they are not "unzipping" and we can only few the first page of documents. We have not received hard copies of the files yet and are getting calls from many of our reviewers expressing frustration at opening the documents. Also, the MVEIRB site was down most of yesterday and is down today as well. We tried to go to your office today to get documents but your office was closed. We have concerns of these tight deadlines already and our concerns are compounded by our inability to access the documents.

Please find attached CZN's environmental assessment response to the Review Board's Terms of Reference for the proposed Pilot Plant and Decline developments. As noted in my previous e-mail, the milestone dates for the CZN Phase Two Exploratory Drilling Program EA 01-003, are now the same as those for the Decline and Pilot Plant EA 01-002. I will deliver paper copies to DIAND, RWED, DFO, MVLWB and EC. Digital copies provided to Nahanni National Park. If you have suggestions for other government experts that can provide expert help, please call me at 867-873-9189.

I have attached the milestone dates for both the 01-002 and 01-003 EA's below.

Milestone Completion Timetable for EA 01-002 and EA 01-003
