Dear Mr. Campbell

RE: Work Plan Amendment, Environmental assessment (EA) of the Canadian Zinc Corporation (CZN) Environmental Assessments for the Phase II Drilling Program EA01-003, and the CZN Decline and Metallurgical Test Plant EA EA01-002.

Thank you for your letter dated July 26, 2001, and your comments regarding the Responsible and Federal Ministers' recommended work plan amendments. The Review Board appreciates reasonable and substantiated submissions by parties throughout an environmental assessment, encourages thoughtful and considered responses to all communications, and supports CZN's view that all parties should diligently work to comply with environmental assessment timelines.

The Review Board is meeting this week and will consider work plan time line submissions and provide its view on the matter. I anticipate releasing an amended work plan for the environmental assessments on Friday August 3, 2001.

Sincerely,

Luciano Azzolini
Environmental Assessment Officer
