I will like be at home tomorrow for most of the time so if you can reply there I would appreciate that.

With respect to the stuff you faxed to me today. We would upon review of the report by Terra Firma be willing to accept it as a basis to forge ahead with a public meeting in July on the condition that we be allowed to rebut any really contentious issues with our own experts.

If this is a way of expediting the process lets go for it!

I will talk to you tomorrow with respects to this.

Regards
