Subject: Request Extension

NOTES:

Distribution;

Please be advised that Environment Canada has requested an extension for the submission of their Technical Analysis Reports, as they are waiting on responses to the additional five Information Requests that were issued last week. The deadline for the responses to the additional Information Requests is January 30, 2004.

In light of the circumstances, Board staff are considering recommending an extension until February 4, 2004, for Environment Canada only. Please advise us in writing if parties have any comments or concerns. The Review Board will consider this matter by teleconference later in the week.

Regards,

A handwritten signature in black ink, appearing to read "K. Cliffe-Phillips".
