

Mackenzie Valley Environmental Impact Review Board

David Livingstone, Director
Renewable Resource and Environment
DIAND
Yellowknife, NT

January 7, 2005

Terry Baker
Chief Conservation Officer
National Energy Board
Calgary, Alberta

SENT BY FAX

Dear Mr. Livingstone and Mr. Baker,

Re: Consult to Modify, EA-03-005 Paramount-Cameron Hills Extension

The Mackenzie Valley Environmental Impact Review Board (MVEIRB) has now completed its review of the comments from the National Energy Board, the responsible ministers and the public regarding proposed modifications to measures in the Report of Environmental Assessment, EA03-005 Paramount Cameron Hills Extension. We suggest a meeting to further discuss these proposed modifications on Friday, January 21, 2005 or Monday, January 24, 2005. Our boardroom on the second floor of the Scotia Centre, Yellowknife is available if required.

Please contact Alistair MacDonald, Environmental Assessment Officer, 867-766-7062, to arrange and confirm this meeting.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Vern Christensen", written in a cursive style.

Vern Christensen,
Executive Director
