Dear Chief Chicot,

**Re: Offer to Meet with Ka'a'gee Tu First Nation Regarding Environmental Assessment of Paramount Resources Ltd's Cameron Hills Extension Project - EA03-005**

The Mackenzie Valley Environmental Impact Review Board ("the Review Board") is in receipt of recent correspondence between Mandell Pinder (on behalf of the Ka'a'Gee Tu First Nation) and the Minister of Indian and Northern Affairs Canada ("the federal Minister"), with respect to concerns over proposed changes made during the consult to modify process for the above mentioned environmental assessment. As you know, the final decision on the environmental assessment lies in the hands of the federal and responsible Ministers, and has not been delivered as yet.

The Review Board is hereby offering to send staff to meet with members of your community after the final decision has been rendered by the Ministers. The purpose of this visit would be to explain and discuss the final mitigation measures required by the *Report of Environmental Assessment*. If your community is interested in this opportunity, please let us know. We will follow up on this proposal when the final decision has been rendered by the Ministers, to gauge your interest and find a mutually convenient meeting date.

We look forward to being able to meet with your community.

Sincerely,

Vern Christensen  
Executive Director
