**Re: Notice of Cancellation of Environmental Assessment – Northrock Resources Ltd.
Keele River Airstrip (S02A-004)**

On November 17, 2004 Northrock Resources Ltd. withdrew its application to the Sahtu Land and Water Board for an amendment to Land Use Permit S02A-004. Northrock Resources no longer proposes to construct a winter airstrip near its Keele River staging area.

The Environmental Assessment for this Development (EA0405-004) has now been cancelled.

Dear Edna,

**Re: Permit Amendment Request to Construct a Winter Airstrip for the Summit
Creek Drilling Project LUP S02A-004**

At this time, Northrock is withdrawing the request for a permit amendment to construct a winter airstrip near the Keele River staging site. With the request now referred to the Mackenzie Valley Environmental Impact Review Board, it is felt that the timeline involved in the review will preclude any use of the airstrip for the project activities scheduled for this season.

Sincerely,
NORTHROCK RESOURCES LTD.
