Subject: Party Status Application

Good Morning

The Review Board met last week to discuss your application for party status to the Taltson Hydroelectric Expansion Project –Deze Energy.

We are pleased to advise your family that the application submitted on December 11, 2009 has been approved by the Review Board.

In addition, you have recently been added to our distribution list and will get regular updates on this project as notices are added to our Public Registry.

We advise you and all parties to familiarize yourselves with the project and all of the party submissions on the registry before the public hearing in January. If you need any information regarding this environmental assessment please do not hesitate to contact us at the Mackenzie Valley Review Board.

Thank you

Nicole Spencer
