Hi Tawanis,

I understand that the Board wanted to be informed of any questions/answers we have posed to and received from the proponent. Below is an email chain regarding jet fuel type.

If you have any questions please do not hesitate to contact me.

Regards,

### **Lisa Perry**

Hello Lisa, my apologies for the delay. We needed to dig around a bit for the answer. Based on current construction methodology and schedule, the fuel listed in Table 6.5.3 is Jet A. There is no plan for Jet B at this time. However, contracts with helicopter companies have not yet be issued and as such it could be that a helicopter company sees the need for Jet B. Please let me know if you have any questions.  
thanks

Shane
