Subject: Old Lady Of The Falls

My mother told me about the "Old Lady of The Falls" When I was a little girl and how she is a spiritual Healer and must be respected.

The site has been significantly spiritually important to the people of Lutsel K'e for time in immemorial.

Our people have been travelling to see her for generations for healing one's body mind and spirit.

The old lady Of The Falls gave me a gift, she gave me a child as I could not conceive, in return I gave back my offerings and prayers to our "Old Lady Of The Falls"

So please leave her untouched and please respect the Old Lady Of The Falls!

Thank You
