Distribution List

Dear Sir/Madam:

**Schedule of Events for Taltson Hydroelectric Expansion Project Community and Technical Scoping Sessions**

Please review the confirmed schedule of events for sessions to be held in the following communities in the upcoming weeks:

Event/Deadline	Date	Time	Location
Ft. Smith Community Scoping Session	November 28 (Wednesday)	Information session: 10:00 am – 12:00 pm  Scoping: 1:30 – 9:00 pm	Roaring Rapids Hall – 144 Simpson Street
Ft. Resolution Community Scoping Session	November 29 (Thursday)	1:00 – 9:00 pm	Ft. Resolution Community Hall
Lutsel K'e Community Scoping Session	December 6 (Thursday)	1:00 – 9:00 pm	Lutsel K'e Community Hall
Yellowknife Technical Scoping Session and Community Scoping Session	December 7 (Friday)	Technical Scoping: 9:00 am – 4:00 pm  Community Scoping: 6:30 pm – 9:00 pm	Tree of Peace Friendship Centre, 5011-51 <sup>st</sup> Street

The scoping sessions are not exclusive to residents of the community they will be held in and all members of the public are welcome to attend. The Community Scoping sessions will be informal and open to presentations from the public. During the community sessions the

developer will briefly present on the proposed development and members of the public are asked to share their views about what issues and outstanding questions they feel the Review Board should focus on during the Taltson project environmental assessment. Additionally, during the community sessions the level of public concern regarding the project will be assessed.

The Technical Scoping sessions primary purpose is to seek technical input from expert representatives from government, non-governmental organizations and communities. It is not primarily aimed at the public at large; however, attendance is open to the public. Community input is sought separately in the Community Scoping sessions in Ft. Smith, Ft. Resolution, Lutsel K'e and Yellowknife. More information on the Technical Scoping sessions format and agenda will be provided at a later date.

If you have questions or comments please contact Martin Haefele at 867-766-7053 or [mhaefele@mveirb.nt.ca](mailto:mhaefele@mveirb.nt.ca)

Sincerely,

Martin Haefele  
Manager, Environmental Impact Assessment
