Re: Partial Closure of the Public Record

Please be advised that the public record for this environmental assessment will be closed to new evidence from parties after August 31st 2012.

The only exception will be for any joint submissions between the developer and parties regarding progress on project oversight or an environmental agreement. The Review Board wishes to ensure that any agreements on these subjects reached between the developer and parties prior to the hearing are included in the public record, and will accept submissions related to this subject only, until 5:00 pm on Sept. 6th 2012.

No documents pertaining to other subjects will be added to the public registry after August 31st 2012 until the hearings. The record will then be re-opened for hearing transcripts, written closing remarks from parties and hearing undertakings.

Sincerely,
