RE: Correspondence with Grand Chief Antoine

On January 23, 2009 a message was received from Grand Chief Antoine at the Review Board. On Monday January 26, 2009 Review Board staff returned the call to the Chief. He was calling to clarify statements questioning the position of the Dehcho First Nations (DFN) and to confirm that any Ecojustice Canada submissions to the Review Board are on behalf of the DFN.

In addition he wished to point out that the DFN is in favor of economic development in the region however it is imperative that the environment be protected at all costs. Therefore a complete and thorough environmental assessment is advocated. Chief Antoine also mentioned that in the coming weeks a Leadership Meeting is planned in Liidli Kue for all DFN community members. A formal letter from Chief Antoine to the Review Board is to follow.

If there are any questions, concerns or comments regarding this file, please contact me or Alistair MacDonald at the Review Board.
