**Re: September 14 and September 15 documents from Canadian Zinc Corporation removed from public registry**

This is a correction to the Note to File dated September 16, 2011.

On September 15, 2011 the Review Board placed the following two documents from Canadian Zinc Corporation on the public registry:

1. Comments on Government Agency Technical Reports, dated September 14, 2011
2. Proposed Site-Specific Water Quality Objectives, dated September 15, 2011

The two documents have been temporarily removed from the public registry pending direction from the Review Board to determine whether they can be considered in Final Submissions.

Review Board staff have discussed the matter with Canadian Zinc Corporation.
