Canadian Zinc Corporation, Prairie Creek Mine

September 17, 2010

**Re: Technical Meeting – meeting dates changed from Sept 29-Oct 1
to October 6-8, 2010**

Please be advised that the dates for the Technical Meeting in the environmental assessment of the Prairie Creek Mine have been changed to October 6-8, 2010.

Two parties requested a date change with the rationale that the developer's submission of the Responses to Information Requests document was delayed, the volume of material in the document is large and adequate time is required to review the material.

The Technical Meeting will be held over the course of three days in Dettah on October 6th – 8th, 2010. A revised agenda for the Technical Meeting will be distributed to parties prior to the meeting.

If you have any questions, please contact me by email or phone.

Regards,

Chuck Hubert
