**Re: Hearing Dates**

Dear Mr. Hubert:

We note the decision by the Review Board to hold the public hearings for the proposed Fortune Minerals mine in October. The Tłıcho Government supports the decision by the Review Board to change the hearing to a time when the maximum number of people can attend the hearing, and after the release of the Traditional Knowledge study.

The Tłıcho Government also recommends a particular order for the hearings, commencing with one day in Whati, moving to the one day in Yellowknife and closing with two days in the largest Tłıcho community, Behchoko.

The Tłıcho Government will gladly contribute to discussions, as needed, in collaboration with other parties.

We look forward to the pre-hearing meeting.

In Tłıcho Unity,

Laura Duncan  
Tłıcho Executive Officer
