Dear Mr. Rinaldi,

Re Tlicho Government Request for Ruling

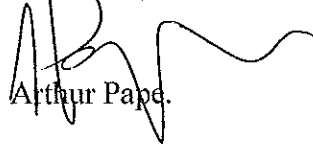

I have for reply your letter of June 9, requesting that I arrange for changes to the replacement map that was sent to the MVEIRB on behalf of Tlicho Government.

I am instructed that the information on the map was based on a letter of August 6, 2009 and attached mapsheets, that were sent by J.P. Mucklow, Fortune's Manager of Environment and Community Affairs, to Joe Murdock of Arktis Solutions Inc., who was preparing a consultant report for Tlicho Government.

I acknowledge that some of the information on the map may reflect a miscommunication or a misunderstanding, or may now be out of date. I suggest that the simplest way for this to be dealt with would be for you to communicate directly with the MVEIRB, to provide Fortune's comments or corrections respecting the map.

I trust that is to your satisfaction.

Yours truly,

Arthur Pape.
