Note to File

To: Parties**Re: EA1314-01 Jay Project Report of EA and Reasons for Decision,
staff presentation on measures**

Participants to the environmental assessment for EA1314-01, the Jay Project, are invited to the Review Board office for a presentation on the Report of Environmental Assessment. Review Board staff will present the findings of significance and walk through the Report's measures that address them. The Review Board hopes this presentation provides an opportunity for parties to better understand the Board's conclusion and final measures.

This is a staff level discussion. Board members and counsel will not be present. Staff will provide clarifications on the Board's findings of significance and measures, walking parties through the reasoning and intent that is expressed in the Report. Staff will not engage in discussions of the merits of the findings or measures.

When: Date: Thursday, March 24th, 2016
Time: 9:00 am-12pm (coffee and snacks provided)

Where: Board Room, Mackenzie Valley Review Board
2nd floor Scotia Building (5102-50th Ave)
Yellowknife

What: Staff presentation of the Board's findings of significance and the measures that address them

Format: Staff will present the conclusions from the Jay Project Report of Environmental Assessment and be on hand to clarify any of the written materials about the Board's reasons for decision.
