Dear Mr. Hubert:

Submission of 2014 Communities and Diamonds Report to the Public Record to the Dominion Diamond Ekati Jay Project (EA1314-01).

As part of its commitments under various Socio-Economic Agreements, the Government of the Northwest Territories (GNWT) publishes, the annual Communities and Diamonds Report (Report). This public document is tabled at the Legislative Assembly, distributed to primary communities, and measures a series of socio-economic indicators.

Considering that elements of the Report were used in Dominion Diamond Ekati Corporation's Developers Assessment Report and Information Request (IR) responses, as well as the GNWT's IR responses, the GNWT requests the Mackenzie Valley Environmental Impact Review Board post the Report to the registry. The most recent Report maintains the data record in addition to the most up-to-date information at time of publishing.

Should you have any questions on this Report, please do not hesitate to contact Mr. Gustavo Oliveira, Manager, Industrial Initiatives at Gustavo_Oliveira@gov.nt.ca.

Sincerely,

Deborah Archibald
