

# Deninu Kue First Nation

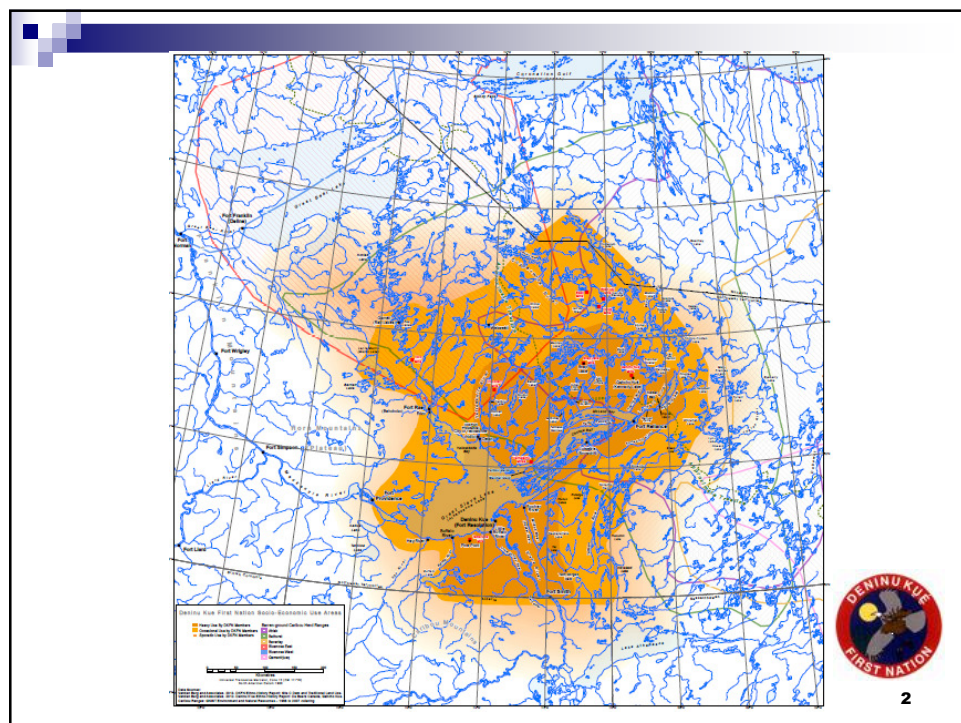

EA1314-02

## Snap Lake WL Amendment

Presentation at Public Hearings  
June 5, 2014  
Yellowknife, NT

1

## Issues and Concerns

- Consultation
- Total Dissolved Solids
- Adaptive Management

3

## Consultation

- DKFN has participated in community engagement initiative
- Effective consultation throughout the life of the mine has not occurred

4

## Total Dissolved Solids

- Ongoing concern since original EA
- Current predictions and uncertainties

5

## Adaptive Management

- Arose from original EA
- Little evidence of management actions

6

## Recommendations

- Completion of current studies before making an EA decision
- Identification of specific management/operational actions to reduce TDS

7

Thank you
