Note to File

EA1415-01

Prairie Creek All Season Road Project, Canadian Zinc Corporation

Re: Request for extension for parties' comments on the DAR and DAR Addendum

The Review Board made available Canadian Zinc Corporation's (CZN) Developer's Assessment Report (DAR) and Addendum for public review and the submission of information requests on December 21, 2015¹. Parties' information requests are due on January 29, 2016.

On January 8, 2016 the Review Board received a formal request from the Nahæâ Dehé Dene Band to extend the deadline for party comments and information requests to February 26, 2016². The Board also received a letter from the Dehcho First Nations supporting this request on January 12, 2016³.

The intent of this Note to File is to inform parties that these requests have been received and will be discussed by the Board at their next Board meeting. The next meeting is scheduled for January 26, 2016. A determination on the request for extension will be made at that time and communicated to parties thereafter.

The contact for the Project is Environmental Assessment Officer Sachi De Souza (867) 766-7054; sdesouza@reviewboard.ca).
