Re: Gahcho Kue Technical Sessions

To Mr. Hubert,

Please accept this letter in regards to the DeBeers Gahcho Kue Technical Sessions to be held in Yellowknife from May 22-25th.

We request that verbatim transcripts of the sessions be utilized. These technical sessions are very important for Lutsel K'e to receive appropriate responses from DeBeers and it is necessary that there is verbatim documentation of the meetings to avoid conflicts down the road.

Also, we request that an additional section be added to the agenda, one that discusses the use of traditional knowledge throughout the stages of the mine. Lutsel K'e has concerns over DeBeers lack of attention to our TK, and we would like to better understand how they plan to address these concerns.

Thank you for your time.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Mike Tollis'.
