## Re: Suggested Topics for Information Request Round Two

The North Slave Métis Alliance (NSMA) believes there is a need for further information on the following topics to help us prepare our views of the proposed project:

- ∞ Interference with aboriginal rights and titles
- ∞ Non-renewable resource depletion and opportunity costs
- ∞ Family and community cohesion
- ∞ Social disparity between, and within communities
- ∞ Long term and cumulative social, cultural and economic impacts – community specific
- ∞ Objectives, criteria, and adaptive management plan for socioeconomic impacts – community specific
- ∞ Wildlife impacts
- ∞ Independent oversight
- ∞ Closure objectives and criteria for each mine component
- ∞ Incorporation of traditional knowledge in design and management of project and especially environmental monitoring programs.
- ∞ Impact of use and maintenance or new construction of roads

Sincerely,
