Re: Sloan Drill Target

Mr. Brian Wilson,

The DRRC has expressed significant concern in regards to the Sloan Drill Target in that the drill target is within a proposed conservation zone as identified in the Great Bear Lake Watershed Management Plan.

The DRRC is in the process of establishing a wildlife protected area for Edaiila (Caribou Point) which also includes part of the Hornby Bay area of your proposed drill target.

We would respectfully ask that the above mentioned drill target be put on hold and revisited with the DRRC and Land Corp. at a later date when and at such a time that is convenient for all to revisit.

Sincerely,

Dolphus Tutcho
President, Deline Renewable Resources Council
