To: Chief and Council of the Community Government

Here are the results of the survey that I conducted this week with residents of WhaTi. I visited 87 homes and out of that 6 people didn't want to voice their opinion so that is a total of 81 homes visited with people willing to speak. 82% of the people surveyed agreed to an all season road, 14% of people were against an all season road, and 3% were unsure.

In conclusion I would say that the survey was a success and I hope the result of this survey pleases you.

Sincerely,

Comment: Risk it all, I guess we won't spend too much on what we're spending in our own store (Community Store).	Comments: Lately, with two recent plane crashes, in two weeks. People travel mostly for medical work related and personal travel. Air travel is not safe and becomes too costly and cost will continue to risk. Issues regarding drugs and alcohol are absent during the summer and during the winter road season, regardless jobs will be created.
