## **Re: Paramount Resources Cameron Hills Environmental Assessment - Submission Conformity**

The Mackenzie Valley Environmental Impact Review Board (Review Board) received Paramount Resources Ltd.'s submission in response to the Terms of Reference for the Cameron Hills EA on June 13, 2001. The Review Board is distributing that submission to government departments for a conformity analysis.

The submission will be available on the Review Board's web-site ([www.mveirb.nt.ca](http://www.mveirb.nt.ca)) next week and hard copies will be hand-delivered or couriered to each government department later today.

The final EA Work Plan and Terms of Reference (amended June 15, 2001) are attached to this fax and will also be available on the web-site next week. Electronic copies can be e-mailed upon request.

**June 27, 2001 at 1:00 p.m.** is the deadline for submitting comments on conformity. The purpose of the conformity analysis is to ensure that the submission was prepared in accordance with Section 4.1 (Direction to Paramount) of the Terms of Reference. The conformity analysis is a check to determine whether or not Paramount has provided the information requested in the Terms of Reference. It is not an analysis of the quality of the information.

Joe Acorn
