Dear Mr. Duxbury,

I am writing in response to the "Notice of Public Hearing for Consolidated Gold Win Ventures Inc.'s Proposed Mineral Exploration Program" as published in the Yellowknifer on March 14, 2007.

My family has owned a small cabin on Drybone Bay since 1979 and we continue to use the area for recreational purposes in both the summer and winter. As well my family has operated a tourism business since 1982 and use the areas of Jackfish Cove, Moose Bay, Drybone Bay, and the surrounding area, on a very frequent basis during the summer months.

I would like to know more about the nature of the proposed exploration from Consolidated Gold Win Ventures Inc. I have visited the MVEIRB website and have waded through a number of documents. I am hoping you can provide me with a bit of direction as to specifically where I can review the contents of the proposal.

As a routine user of the area involved I have certainly noticed the impact of previous and current exploration. After I review the documents on this proposed exploration process I may wish to apply to present at the hearing. Please advise me of the process to do so.

I understand and consent for this correspondence to become part of the public record in this review process.

Regards,

Scott Robertson
