Please accept this email as confirmation of our intention to proceed with the Environmental Assessment. Contrary to your not being contacted, I spoke at length with Mr. Bob Wooley in March and attempted by email to restart the process later that month. Given that we have come to a major loggerhead with personality clashes we have engaged Rescan to respond as a neutral third party to the IR. We are currently providing them with all the data and they will be contacting you directly.

Yours truly,

Laurence Stephenson
Consultant
