Re: Update concerning the EA process

Dear Parties,

On July 24, 2006 Laurence Stephenson, consultant for Consolidated Goldwin Ventures (CGV) notified the Mackenzie Valley Environmental Impact Review Board (Review Board), by email, that CGV intends to continue to participate in the environmental assessment of its mineral exploration program in the Drybones Bay area. CGV has engaged the services of Rescan Environmental Services Ltd. (Rescan) to assist in the EA. A representative from Rescan contacted the Review Board this week to confirm their role in EA0506-005.

Alan Ehrlich, who has been the Environmental Assessment Officer on this file to date, is currently on parental leave. I have assumed his responsibilities with regards to this EA in the interim. Should you have any questions or concerns about these matters, or the environmental assessment in general, please do not hesitate to contact me at your earliest convenience by phone at (867)-766-7062 or by email at pduxbury@mveirb.nt.ca.

Yours truly,
