

## News Release:

# EA Process Summary Booklets

June 2022

### EA Process Summary Booklets Now Available

[Step-by-step information | Review Board](#)

A series of booklets summarizing the Review Board's environmental assessment process are now finalized and available for viewing on the Review Board's website. The booklets are highly visual and written in plain language, ideal for a wide audience. Hard copies (paper) will be obtainable in the near-future.

**USE THESE BOOKLETS TO HELP YOU THROUGH THE EA PROCESS**

	<b>Overview:</b> How environmental assessment fits into the co-management system.		<b>Environmental Assessment:</b> What steps happen during an environmental assessment by the Review Board?
	<b>Project Planning:</b> What should happen before an environmental impact assessment?		<b>Follow-up:</b> What happens after an environmental assessment is completed?
	<b>Preliminary Screening:</b> The co-management system decides if an environmental assessment is needed.		<b>Participation:</b> How to make your voice heard in environmental assessment.

The booklets are located under the "Process Information> Step-by-step Information" menus located at the top of the Board's website, as well as the following link:
