

## Referral to Environmental Assessment

On June 27, 2006, a proposal for underground mining to extract a 1,000,000 tonne bulk lead/zinc sample was referred to the Mackenzie Valley Environmental Impact Review Board for environmental assessment under Section 126(2) (a) of the *Mackenzie Valley Resource Management Act*.

**Referring Authority:** Environment Canada.

**Reasons:** Environment Canada has identified that the development might have significant adverse impacts on the environment, including water and waste management impacts.

**Development:** Construction and operation of an underground mine shaft, extraction and transportation of a 1,000,000 tonne bulk sample

**Location:** Pine Point property, 48 km east of Hay River, NT

**Developer:** Tamerlane Ventures Inc.

**File Number:** EA0607-002
