The Government of the Northwest Territories (GNWT) has reviewed the draft Terms of Reference and draft Adequacy Statement that the Mackenzie Valley Environmental Impact Review Board (Review Board) released on September 23, 2016. The GNWT has provided comments and recommendations to the Review Board by way of the Online Review System. The GNWT has also reviewed the public comments and has provided responses where necessary.

The GNWT has also submitted a small package of correspondence that it believes is currently missing from the Review Board's Public Registry for the Tłıchǫ All-season Road environmental assessment. This correspondence has been attached to provide the Review Board additional clarity regarding the letter North Slave Métis Alliance cc'ed to the Review Board on October 7, 2016.
