Attention: Mr. Louie Azzolini:

RE: Information request - Information Request: Canadian Zinc Corporation

In our letter on March 1, 2001, regarding item 3 in the MVEIRB information request, we indicated that:

With respect to the fuel measurement records, our understanding is that CZC visited the site in the fall of 1999. A copy of the report may be obtained directly from CZC.

Our response was drafted with the words "our understanding" because we had heard from some sources that the site visit would take place although none of our district inspectors were present during the field trip.

Today, we were informed by Mr. Peter Campbell, VP Project Affairs, Canadian Zinc Corporation, that the site was visited in September 1999 and that the fuel measurement records they made have already been provided to your office.

I trust this information is helpful.

Sincerely,

Mary Tapsell
Regional Manager
