Mr. Soniassy, with respect to point three in DIAND's IR response, can you please confirm who in fact took fuel measurements in 1999 and what those measurements were.

Thanks,

Louie Azzolini

Hi Louie,

With respect to point 3 below, it is my understanding that DIAND inspected the Cat Camp site on August 18, 1999, and that there is an inspection report (N3L2-0932) documenting this.

Greg

The following is DIAND's response to the Review Board's IRs dated February 16, 2001. We are requesting that DIAND provide the "Rehabilitation Site Restoration Model for Prairie Creek Mine" and DIAND's comments regarding its efficacy
