**Subject:** Prairie Creek EA - letter of intention

Gordon,

Chuck Blyth informed me today that in an earlier conversation you had agreed to send an email confirming 1. the participation of Nahanni National Park Reserve in the Prairie Creek Environmental Assessment, and 2. details on the role of the park reserve in the process.

This note is just to ensure that Nahanni National Park Reserve is indeed registered as a participant in the upcoming process.

COPY

Thank you.  
Doug
