Subject: RE: EA Report - 01-002 Decline and Pilot Plant

Peter, thank you for the digital Environmental Assessment Reports of the Decline and the Pilot Plant developments. I am preparing printed copies for the Review Board and reviewers, and will distribute digital copies this afternoon. Having said that, there are some challenges we are trying to overcome on our end. As a result, we are having difficulty meeting the 01-003 timelines, and have asked, and received permission to bring the time lines for 01-002 and 01-003 together. So, according to 01-002 time line, June 27 is the last day for conformity responses on both EA's.

For clarity, the following are the milestone dates for the Decline and Pilot Plant EA (01-002), and the Phase Two Mineral Exploration Program (01-003).
