Dear Mr. Sergeant,

RE: Participation in the Canadian Zinc Corporation Environmental Assessment

Thank you for your letters dated April 15 and April 30, 2001 and the on-going communication between Sharon Pellissey of your office and my staff. I would also like to acknowledge the comments provided on the draft Terms of Reference and the suggestion of including other projects in the watershed of the Nahanni when considering the cumulative effects assessment of the proposed development.

The Review Board appreciates the importance of consulting with First Nation's and is sensitive to the unique circumstances of the Deh Cho. To that end, I would appreciate receiving suggestions for improving our method and timing of consultations with the Pehdzeh Ki First Nation, and other First Nations in the Deh Cho on the current and future environmental assessments.

Sincerely,

Roland Semjanovs
A/Executive Director
