Subject: Invitation to De Beers Water Quality/Water Quantity Technical Discussion Session 2

De Beers Canada Mining Inc. invites you to a 2-day Water Quality/Water Quantity Technical Discussion Session on the proposed Snap Lake Diamond Project.

WHEN: Nov 15-16, 2001

WHERE: De Beers Canada Mining Boardroom, Yellowknife.

PURPOSE: De Beers proposes to have a Second Water Quality/Water Quantity Technical Discussion Session at the Snap Lake site to:

- Increase understanding of Snap Lake project elements and water quality and quantity issues related to the Project;
- Present the De Beers computer models and assumptions that will be used in the forthcoming environmental impact assessment.
- Solicit technical feedback on the issues and approach to mitigation of potential issues.

RSVP: BY: Nov 2, 2001
