I will have a schedule out by Friday at the latest Glenda.  
Tentatively this is it.

1. Nov 25, intro. De Beers Presentation Socio-ec.
2. Nov 26, Socio-economics/cultural
3. Nov 27, Geotech
4. Nov 28, Water quality/quantity
5. Nov 29, Water quality/quantity (maybe cut out and move into aquatic habitat)
6. Dec 2, Aquatic habitat and aquatic organisms and wildlife
7. Dec 3, Wildlife and wildlife habitat
8. Dec 4, A&R and Scope issues
9. Dec 5, Cumulative impacts

This is a first cut and may change.

As soon as possible - everyone is holding up their schedules in anticipation of their attendance at the technical sessions. It would have been preferable to know a couple of weeks ago, but I know the timing has been tight on this.

Glenda, how much notice would you require to have the respective technical experts attend technical sessions in YK?

Louie:

I can't open this attachment that Robin sent - it comes up as a "winmail.dat" file. If yours came through okay could you please send to me?
