Dear Ms. Maaskant

RE: Cameron Hills Surface Tenure

Please excuse our delay in responding to your letter dated March 6, 2001.

It is our understanding that your 12 existing shut-in Well leases were not included in the environmental assessment conducted by the Mackenzie Valley Environmental Impact Review Board for your Cameron Hills operations. You requested that 12 of these leases be changed from Shut-in Wells to Producing wells. Since no concerns were raised during our consultation process to the change in use clause in your leases, we are now preparing surrender documents as per this requirement in your lease clauses and will issue new production leases for the following leases:

- 85C/3-2-2 Cameron M-73
- 85C/3-5-2 Cameron C-75
- 85C/4-3-2 Cameron A-05
- 85C/4-4-2 Cameron B-08
- 85C/4-5-2 Swede A-73
- 85C/4-8-2 Cameron C-50
- 85C/4-9-2 Cameron N-28
- 85C/4-10-2 Cameron J-37
- 85C/3-11-2 Cameron L-47
- 85C/4-13-2 Cameron L-44
- 85C/4-14-2 Cameron C-19
- 85C/4-15-2 Cameron B-25

Please be advised that this change in use does not mean you do not require a Land Use Permit from the Mackenzie Valley Land and Water Board. You should contact them directly for confirmation in that regard, their phone number is 867-669-0506.
