Subject: Change in Deadline for Technical Reports

Please note that the deadline for technical reports has been changed from June 2nd to **June 9th, 2003**. Following that date, there will be a four day period for any additional comments before the public registry is closed, as per the workplan for this environmental assessment. The Review Board's period for deliberation will be reduced accordingly, so that this will not affect the overall duration of the environmental assessment.
