Subject: Request to participate in EA at Cantung

Dear Mr. Lazzaloni,

It has come to my attention that as a member of the interested public, I have the right and responsibility to speak on the matter of the continued operation of the mine at Tungsten.

Therefore, please send me the the Identification of Environmental Assessment Roles form, File:

EA02-003 North American Tungsten Corporation Ltd. Cantung Mining and Milling, Tungsten, NT.

As the author of the biography of R.M. Patterson, the man who made the Nahanni famous and fully supported the creation of a park to prevent its industrial development, I intend to present evidence that calls into question the operation of the mine on several grounds, historically and in the present.

Thank you for your kind attention to this request.

Truly,
David Finch
